

# Pleated & Panel Filters

## Embracing the Future A Revolution in Filtration

We are excited to introduce the new AAF Flanders Pleated and Panel Filter Line.

This new, expanded prefilter portfolio is the best of the best. This product line optimization provides new, improved products and comparable, high-quality replacements for discontinued products.

AAF Flanders is your single-source provider for the most advanced, high-performing, high-quality air filtration solutions available in the marketplace today!
